OK – Here is the revised version with McDavit and Nick Bisher's comments incorporated. It shows as all my changes because I had to port a PDF which messed up all the formatting then redo it all when Nick got back off vacation.

As discussed before Mike D asked me not to share this with you so to keep the peace, try not to advertise too much.

Major changes:

Ex. 5 Deliberative Process (DP)

Thanks!
Chris

Let me try to glance at it after you've addressed their comments. I have to sign so want to know what I'm signing. 😊

Great – Also, I've got comments back on the PWS from the C/O. I should be able to turn that around by COB tomorrow.

Kathy – did you want to look at the revised PWS/IGCE before we send it to the contractor? I'm not sure if I have to ask McDavit first or not. Probably not necessary for your review if you are still busy with Florida.

Kathy-

Unless you want to review again, I suggest Chris go ahead and make a clean version – accept edits as appropriate, and delete the comment bubbles. I skimmed through and didn't see anything of concern to me.

Chris –

Depending on Kathy's answer, and if you agree with Stef's edits, do you have time to clean up today? I'll then send to Mindy & Carrie.

Ruth

can you go ahead and clean up

Done. Made a couple of revisions to the rule text that I think just fix some garbling that occurred in all of the cut-and-paste (fresh pair of eyes and all).

Take or leave proposed revisions in preamble. (Chris has my permission to roll his eyes and remind me about the need for plain English ☺).

Stef-

We were wondering if you might want to and have time to take one more look before we send to Mindy and Carrie for review. We are thinking of not re-sending back to the full workgroup again.

We probably would want any additional comments in the next day or two. I believe that Chris updated to reflect your previous comments and any additional discussion on last Thursday's workgroup call.

Let us know.

Thanks!
Ruth

Do you want to send these out to the broader workgroup and ask for any final comments before we clear the comments and send them up?

These should be up on the sharepoint site with the renamed files.

Thx
Chris
